

Worksheet Cormorants

(In answering this sheet, refer to the Cormorant Species Sheet and Issues Sheet No. 4)

1. Cormorants don't spend much time in the water, except when they are actively fishing. Why is this?

2. List some places that cormorants may make their nests:

3. Which two species of cormorant are under threat by humans? Why are they under threat?

4. What is the main diet of cormorants?

5. What myths are there around what cormorants eat? Is this contributing to their persecution?

6. What other threats to their existence to cormorants face?
